

**ODDITIES
IN TODAY'S
NEWS**

ATOM WATER TROUBLES
Chicago, Sept. 23—(AP)—William Estep, promoter of "atom water" cures, was free on bond today on a charge of medical fakery.

Estep and his assistant, Ethel C. Tarpey, were released on \$500 bond each yesterday and their arraignments set for Oct. 7 in county court. Each is charged by the state with violating the medical practice act.

Also pending against Estep is a damage suit filed by Miss Elsie A. Maxwell, 43, of Kansas City, Mo., Estep's sister-in-law. Miss Maxwell's civil suit alleged that while she was serving as his secretary in November, 1945, Estep raped her on two occasions.

Miss Maxwell seeks \$400 for secretarial services and \$50,000 damages in the case, which has been pending since 1945.

A MOONSHINER'S HAVEN
Fort Lauderdale, Fla., Sept. 23—(AP)—Members of two expeditions today described a "ghost village" deep in the everglades as a link with the distant past and a moonshiner's haven of 40 years ago.

The village was built on an island six to eight feet above the level of other hammocks in the area, the edge of the big cypress swamp. It is about 35 miles west of Fort Lauderdale.

The island apparently had been cultivated long ago. Hand-wrought nails were used in construction. Years later, moonshiners operated there, with a sugar mill to turn out their basic ingredient.

SUMMER, WHERE ART THOU?
Cortland, N. Y., Sept. 23—(AP)—It was the last day of summer—but in part of Cortland county is looked like the first day of winter.

Patches of snow covered the ground yesterday at Munson's corners, about a mile and a half west here. Boys were reported throwing snowballs.

A 10-minute hail and rainstorm hit Cortland.

\$2,500 MEDAL, \$450
Washington, Sept. 23—(AP)—If Vice President Barkley ever melts down that \$2,500 gold medal congress voted to give him for "distinguished public service," he will find it is worth only about \$450.

It will come in a \$10 leather case. The manufacturing cost will be \$540. The rest of the money, \$1,500, will go to the sculptor who designed the medal.

A senate appropriations subcommittee developed these facts at a hearing on the proposed expenditure and minutes of the hearings were released today.

DIDN'T HAVE WHEELS? asked Justice of the Peace John O. Shauls of a Dixon hotrod—one without a muffler, windshield, title, license, or lights.

Junior Fredericks, 18, of 324 Central Place, owner of the car, was fined \$10 and cost by Judge Shauls for the series of violations of ordinances.

While driving around last night in his hotrod, Fredericks was arrested at 7th and Monroe.

'Midge' and 'Chuck' Get That License!

County Clerk Sterling D. Schrock issued a marriage license today to Charles "Chuck" M. Ramsey, 24, of Dixon, and Miss Olive "Midge" Maxine Eckburg, 20, of Amboy.

The young couple will be married Saturday at Amboy.

Dr. Z. W. Moss, Dixon Civic Leader, Dies

'Russia Has Exploded Atomic Bomb,' Says Truman

Cabinet Gets Word Reds Know 'Secret'

Truman Goes Into a Talks With Advisers

By ERNEST B. VACCARO
Washington, Sept. 23—(AP)—The United States has evidence of a recent atomic explosion in Russia—news indicating the Communists at long last have learned to make an A-bomb.

President Truman disclosed this in a statement today. He then held an hour-long session with his cabinet about it.

Mr. Truman said the development emphasizes the necessity for "truly effective, enforceable international control of atomic energy."

The United States has sought that through the United Nations, but has been unable to get together with Russia on how it should be carried out.

With a note of reassurance to the American people, the president said the probability that some other nation might develop an atomic bomb "has always been taken into account by us."

Quickly after the White House announcement came word from the British government in London that it also has evidence of an atomic explosion in Russia.

Word Gets Around
In Washington, the word swept swiftly around government departments and through congress.

At the Pentagon—headquarters of the military services—there were signs of excitement, but no officials would discuss the matter.

A spokesman for the Atomic Energy commission, in reply to queries, said: "We have nothing to say."

Reporters pressed Secretary of Defense Johnson for more information when he left the cabinet meeting.

"Have we made any change in the disposition of our forces since this happened?" a reporter asked.

"No," Johnson replied.

"Does the cabinet know any more about this than it can?"

(Continued on Page 6)

Mrs. Hinkle Is Given Divorce

Marjorie Hinkle, 723 Peoria avenue, was awarded a divorce today in Circuit court on the grounds of cruelty.

Her former husband, Harvey, was ordered to pay \$10 a week for the support of two children, Margaret, 7, and Casandra, 9 months.

The Hinkles were married in February, 1938.

Robert Schrader's Car Is Hit on Lot

Robert Schrader, 1512 First street, reported to Dixon police that someone plowed into his car last night while it was sitting in the River street parking lot.

He reported a damaged fender and door.

DRS. MOSS OFFICES CLOSED

The dental offices of Drs. Z. W. and Grover C. Moss will be closed until Monday, it was announced today.

Steel and Unions Continue Peace Parleys

Dixon Medical Kit Thief Gets Penitentiary Terms

Robert F. Deck, Jr., of Oklahoma, was sentenced to four 1-to-4-year sentences today by Judge George C. Dixon for the recent theft of four medical kits from cars of Dixon physicians.

State's Attorney Morey C. Pires said three of the bags were recovered, along with part of their contents, but that the fourth kit was believed to be in the Rock river on the outskirts of Dixon.

Deck's sentences will run concurrently. In other words, any time served will be applied to all sentences, making the penalty itself 1-to-4 years.

In pronouncing sentence, Judge Dixon said:

"It is the sentence of this court that the defendant be confined in the Illinois State penitentiary for a period of not less than one year nor more than four years."

Deck was then remanded to the custody of the sheriff.

'Blondie' Flynn Gets Continuance Until Sept. 30th

The trio indicted for stealing a car from Vertus Yonk of Sheffield, after befriending him in a tavern, were arraigned again today in Circuit court.

Mrs. Violet 'Blondie' Flynn, 20, of 324 Central Place, had her hearing continued until Sept. 30, to allow her time to consult with her attorneys, Charles M. Kearney and Edward A. Jones.

Previously, Mrs. Flynn had pleaded not guilty.

Donald Miller, 21, and Kenneth Galloway, 23, both of Sterling, pleaded not guilty at today's hearings. Miller pleaded guilty at Wednesday's hearing, but through his attorney, Robert Besse, of Sterling, he changed his plea.

Both cases were continued until Sept. 30.

Ordered From Car
The trio met Yonk at Club 30, on U. S. 30, near Rock Falls. After they left the tavern together, according to Yonk, the three ordered him out of the car.

Miller and Galloway abandoned the car in Chicago, and then went to Gary, where they were arrested when Miller wired his mother for money.

Mrs. Flynn was arrested a few days after the theft specified in the indictment.

Charles Walker, one of the Chicago quartet charged with stealing a car and damaging a cottage near here, had his case continued until Thomas Joyce is arraigned.

As for the other two, Vernon Tracy, 18, already has pleaded guilty. His case will be deferred, subject to the call of the state's attorney.

Pleads Not Guilty
Michael Griffin, 17, pleaded not guilty Wednesday, and his case was also deferred.

Charles Lynes, 16, charged with burglary, had his case held over until Charles Kearney, his attorney, could contact Lynes's mother, who is in Chicago. At Wednesday's hearing, Lynes admitted he was committed to the Dixon State hospital as an epileptic. He also admitted being charged with robbery in Chicago.

Christmas Isn't Far Away—Today Is Autumn, Really

Summer ended and autumn began today with generally seasonal weather across the nation.

Skies were fair in central and western states, and cloudy in the east and in the Great Lakes region.

Middle Atlantic and New England states had some showers.

It was rather cool from the northern plains eastward to the Great Lakes, but elsewhere temperatures generally were normal.

Storms warnings hoisted Thursday on the Texas-Louisiana coast were down Friday. Gulf of Mexico squalls brought a threat of high tides to the Louisiana coast.

However, industry representatives predicted most retailers would keep the old prices, unless competition forces them to make cuts later.

Strike Clouds Lightened for Week at Least

Two Unauthorized Walkouts Reported

Pittsburgh, Sept. 23—(AP)—Agreement of big steel and CIO United Steelworkers to renew contract talks today lightened at least momentarily strike clouds hovering over the industry since July.

Union Chief Philip Murray and Vice President John A. Stephenson of U. S. Steel corporation resumed negotiations at 12:30 under a third presidential strike truce.

Agree on Time
Murray had proposed a 8:30 a. m. session but shortly before that hour came announcement both sides had agreed on the afternoon date. Conferences with other steel companies are being arranged by the union.

Meantime, about 2,400 union members at two Pittsburgh district steel mills continued unauthorized walkouts which union and company officials blamed on the tension and uncertainty of the steel situation. Closed are the Universal-Cyclops Steel Co. plant in Bridgeville, and the Superior Steel Co. plant in suburban Carnegie.

"The million member steel union has delayed its strike deadline from Saturday midnight to 12:01 a. m., October 1 in response to a plea by President Truman. The industry had earlier agreed to the extension and said it was ready to bargain."

The Steelworkers union, which set the time and place of the "big steel" talks, also told 52 other steel companies it is ready to negotiate.

Veto Wage Hike

The basis for the talks will be the recommendations of President Truman's steel fact finding board. The board vetoed a wage increase but recommended a company paid pension and insurance program equal to 10 cents hourly per worker.

The Steelworkers accepted the (Continued on Page 6)

Sterling Band to Come for Festival

The Sterling Community high school band will appear in the float and horse parade, a feature of Dixon's Injun Summer Celebration next Thursday afternoon, Walter C. Knack, chairman of the parade committee announced today.

The services of this organization has been made possible through the courtesy of Monsignor A. J. Burns of Sterling. Howard Spivers is director of the band of which many of the members are residents of the Dixon area.

President Truman to See Army Maneuvers

Washington, Sept. 23—(AP)—President Truman will fly to Fort Bragg, N. C., Oct. 4 to review troops and witness parachute maneuvers of the 82nd airborne division.

Mr. Truman plans to return to Washington that evening.

Helen Hayes' 'Act of God' Daughter Dies at Age of 19

New York, Sept. 23—(AP)—Actress Mary MacArthur, 19, who became a celebrated figure in the theater world at birth as the "act of God baby" of actress Helen Hayes, died last night.

The young woman's death came as she was preparing to appear next month in a supporting role with her mother in the Broadway premiere of a new play.

She died at Lenox Hill hospital of what physicians termed a "generalized virus infection." Her father, newspaperman - playwright Charles MacArthur, and Miss Hayes were at her bedside.

Whiskey Prices Slashed on Heels of Ruling by Court

Chicago, Sept. 23—(AP)—Whiskey prices were slashed in some Illinois cut rate stores today as much as \$1.16 cents a fifth.

The cut rate stores made reductions throughout their line on the heels of a state supreme court ruling yesterday that the Illinois mandatory fair trade liquor act is illegal.

Nationally advertised bonded bourbons were selling yesterday for \$6.75 a fifth. One loop store was offering this same bourbon today for \$5.95.

The same store cut some of its Scotch \$1 a bottle and reduced the price of its blended whiskeys from 50 to 60 cents a fifth.

However, industry representatives

Dr. Z. W. Moss, prominent Dixon civic leader, who died suddenly this morning. (See column 8 on this page for complete details.)

Milk Prices to Come Under Scrutiny of Senate Probers

Washington, Sept. 23—(AP)—Chairman Gillette (D-Iowa) said today a senate agriculture subcommittee may send investigators to look into the milk price situation in Milwaukee and Chicago.

The subcommittee is inquiring into the spread between farm and consumer prices.

It received testimony yesterday that milk is selling for 15 cents a quart in Milwaukee as the result of a price war while bringing 21 cents in Chicago.

"The consumer in Milwaukee is the envy of the nation," Gillette commented at the resumption of the subcommittee's hearing today.

He announced also that the subcommittee will ask dairy products companies for a further breakdown of their sales to wholesale and retail outlets and for additional information regarding their foreign operations.

Representatives of two large companies—National Dairy Products Corp. and the Borden Company—appeared before the subcommittee yesterday.

Allied War Planes in British 'Test'

London, Sept. 23—(AP)—War planes of the U. S. and four allied nations roar out over Britain beginning tonight in a test of the island's aerial defense.

Three nations linked with Britain in the western union defense pact—France, Belgium and Holland—are joining the Royal Air Force and the U. S. air force for the first time in war games here.

Mystery Shrouds Union Mob Forcing Pipeline Shutdowns

Anna, Ill., Sept. 23—(AP)—There was still an air of mystery today in the closing of two pumping stations on the Big and Little Inch natural gas pipelines running from Texas to the Atlantic seaboard.

The pumping stations one 12 miles east of here and another at Norris City, 70 miles northeast—were ordered closed yesterday by several hundred men who traveled in motor caravan.

There was no violence nor were any arrests made. And the gas continued to flow, although slower than normal.

Workers at the two pumping stations said they were told to "stay off the job until you're organized."

Death Follows Operation He Had Last Week

End Is Sudden and Unexpected, a Shock

Dr. Zacharia Whitthorne Moss, age 74, president of the City National Bank, an outstanding civic leader and a highly respected and greatly beloved citizen of Dixon, passed away suddenly and unexpectedly at 9:30 o'clock this morning in his room at the Katherine Shaw Betha hospital. He was believed to be successfully convalescing from an operation performed last week for the removal of his gall bladder.

The news of the tragic turn in the condition of the prominent dental surgeon, which was precipitated by a pulmonary embolism causing immediate death, spread rapidly over the city where the Doctor is so widely and favorably known.

The body will lie in state at the home, "Whitthorne," 811 North Galena Avenue, on Saturday and Sunday. There will be private funeral services at the home on Monday morning and at 11 o'clock Monday morning will occur the burial service at St. Luke's Episcopal church, with Father Jones reading the service. Dr. Moss was a member of St. Luke's and a former vestryman.

Dr. Moss was born on a farm near Tazewell, Tennessee on October 13, 1874. He moved with his family to Missouri when he was ten years old. He was educated in the public schools of Nevada, Missouri and was graduated from the dental school of the University of Tennessee at Nashville in 1895.

Veteran of Two Wars
Dr. Moss was a veteran of both the Spanish-American war and the first World War.

This Dixon citizen whose life has been so full of service to his fellow man practiced dentistry in Dixon for fifty years. He was married October 16th, 1901 to Miss Mary Downing, daughter of Major and Mrs. O. J. Downing. He is survived by his widow and by a nephew, Dr. Grover C. Moss, who is associated with him professionally in their Dixon offices, and by a brother, M. M. Moss of Torrington, Wyo., as well as other nephews and cousins.

Dr. Moss was a member of the Masonic orders, including the Shrine and was active for years in the Dixon Commandery, where he served as Eminent Commander. He was prelate for 25 years. He was also a member of the Dixon lodge of Elks. For 16 years he

Sterling, Rock Falls Grid Game Postponed

Sterling—(Special)—The Sterling-Rock Falls football game tonight has been postponed because of the death of James Hendryx, 16, Rock Falls high school varsity tackle as the result of polio.

State health authorities advised the postponement. They said it would be unwise to subject Rock Falls athletes to any undue fatigue. Young Hendryx was stricken Tuesday and died shortly last night in the Sterling Public hospital. He played with Rock Falls in the varsity game last Friday.

Britain's Labor Party May Risk a Vote of Confidence

London, Sept. 23—(AP)—The Labor government decided today to stake its life on a vote of confidence in the House of Commons.

Parliament meets in special session Tuesday for a three-day debate on the cheapening of the pound.

A source close to the cabinet disclosed the decision by the government to force a vote of confidence.

If the government loses it must resign. That would mean a new general election immediately.

Because of the labor party's top-heavy majority in Commons such a setback is unlikely.

Labor has 393 of the 640 seats in the House of Commons, the Con-

Mrs. Cecile Bevis left for her home at Columbus, Ind., Tuesday, after an extended visit at the home of her son, Ivan Sharp.

The Harry Remrey family visited her brothers, Ray and William Tabor, at Freeport, Sunday.

Mrs. A. A. Hopkins, Dixon, spent Tuesday with her son-in-law, Lavern Horner, and family.

Harry Bergonz, local storekeeper, went to Chicago Sunday where he entered a hospital for surgery.

Mr. and Mrs. Anthony Geibel, Rock Falls, were dinner guests

Miner Sues Lewis; Charges Welfare Fund Racketeering

Washington, Sept. 23—(AP)—A new note was introduced into the nation's troubled coal situation today by a suit charging illegal use of the United Mine Workers health and welfare fund.

The court action, brought yesterday by a 54-year-old miner, claimed that so much money has dribbled from the \$100,000,000-a-year fund through payments to ineligible persons that "no amount of royalty payments" could repair the damage.

Miner G. H. Livengood of Fayette County, Pa., asked the federal court here to remove fund trustees John L. Lewis, Ezra Van Horn and Senator Bridges (R-N. H.), and appoint new ones answerable to the court.

Lewis, UMW chief currently negotiating for his striking miners with northern and western coal operators, is seeking a boost in the 20-cents-a-ton royalty which financed the fund under recently-expired contracts.

Lewis Sees Harassment

He told newsmen at White Sulphur Springs, W. Va., scene of the talks, that Livengood's action "is probably a part of the program of harassment of the fund by variation of this fund."

Sunday at the Al Schlottman home.

Mrs. William Ortgesen is visiting at the home of her father, Bert Johnson, of Waterman.

Mrs. Flo Stitzel accompanied Mrs. Olive Crawford, Dixon, Mrs. Mary Jenkins, Grand Detour, and Mrs. Margaret Trostle, Oregon, to Rockford Wednesday where they attended the fifth annual antique and hobby show sponsored by the Rockford Hobby club.

Mrs. Anna Moats, Miss Lucille Moats and Mrs. Flo Stitzel attended the meeting and reception given Wednesday evening at the Dixon Masonic Temple, honoring Carrie L. Coe, junior past supreme worthy high priestess of the Order of the White Shrine of Jerusalem.

Saturday evening the Fred Waller family were entertained at the George Whiteside home, Sterling.

The London fire department has an asbestos uniform for its firemen. An asbestos umbrella is part of the equipment.

Fossils show that pyorrhea was a common disease among creatures many millions of years ago.

PRICE CONSCIOUS? *Look at this!*

MATCHED against the field, those figures make news.

Matched against what they cover—they're an urgent hint for instant action.

Because that sum puts in your garage—

STYLE that's as fresh as a dew-laden daisy, from those brand-new non-locking bumper-guard grilles to the double-bull's-eye taillights.

SIZE that's mighty handy in traffic, a real relief in modest-size garages, a wonderful aid in parking.

ROOM that rates right up at the top—with inches added to all rear seat cushions, a full foot more hiproom in 4-door Sedans.

POWER that is lively, frugal, ever-thrilling because it comes from a high-compression, high-pressure Fireball straight-eight.

A **RIDE** we'll put against anything else you can find, regardless of price—soft, pillowy, gentle. We call it matchless because we think you will too.

HANDLING? Well, this price is the price on a Buick SPECIAL with finger-flick Synchro-Mesh transmission—as light and easy as you'll find on any non-automatic-drive car.

But a few more dollars per month will also give you the silken luxury of Dynaflow Drive—the soft, easy, restful drive the very biggest Buicks boast.

Figure it out. Check things up. Look this picture over, then—

Go learn more from your Buick dealer. Sure as sunrise, you'll make up your mind to buy this one.

LOCAL DELIVERED PRICES

This stunning, fresh-lined Buick 3-passenger Coupe, only **\$1872.00**

Six-passenger 2-door Sedanet (not shown) only **\$1925.00**

Roomy 6-passenger 4-door Sedan (not shown) only **\$1978.00**

State and local taxes extra. Prices subject to change without notice; Prices may vary slightly in adjoining communities due to shipping charges.

RELIGIOUS FILMSPIRATION THIS SUNDAY NIGHT

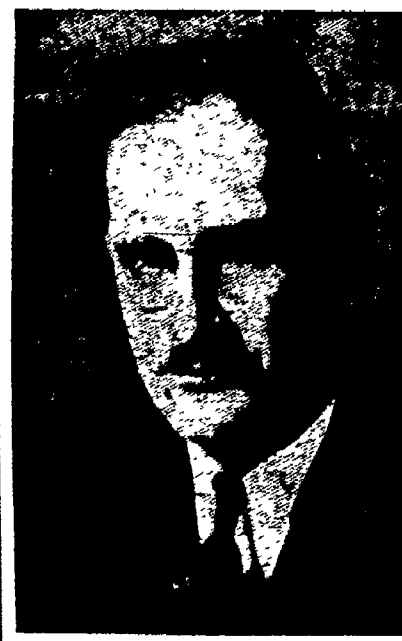

In keeping with its purpose of
bringing the best and latest of
Christian sound moving pictures
to the church people of Dixon,
the Religious Filmpiration hour at
Bethel church this Sunday
night will show the film, THE
POWER OF GOD. This full
length one hour picture tells in
gripping modern story form
what Christianity is, what it
does to the individual, and what
the individual should do with
his Christianity. The charac-
ters enact a true-to-life story
that has happened in thousands
of villages, towns and cities
throughout America. It could
even happen here in Dixon! The
Religious Filmpiration hour is
held every other Sunday eve-
ning at 8:30 o'clock in the Beth-
el United Evangelical church.
The public is cordially invited;
and, of course, there is no ad-
mission.

Attend Rites in Blue Island for Sister Mary

Walton—Mr. and Mrs. Raphael Fenwick and son, Bernard Joseph, and daughter, Mary Gertrude, spent the weekend at the home of Mr. and Mrs. Edward Houston in Peatone. Sunday they attended the ceremony of the solemn perpetual vows of Sister Mary Louise (Knoll) at Blue Island.

MOVED TO IOWA
Mr. and Mrs. Mark Middendorf and daughter, Martha, have moved to Bettendorf, Ia., where they will make their home.

WALTON PERSONALS
Mr. and Mrs. Michael O'Malley, of Dixon, were callers in Walton Sunday.

Mrs. Patrick H. Dunphy, Mrs. Lawrence Montavon and daughter, Sharon, Mrs. Charles Dunphy and daughter, Charlene, Mary Kay Payne, Mrs. Leo Bushman and daughter, Mary Rose, were among those who attended the 4-H show in Amboy last Thursday night.

Mrs. Charles McCoy spent a few days last week at the Boehle home in Amboy.

Mr. and Mrs. Robert Blackburn, Sterling, were callers Sunday at the Melvin Payne home.

Mrs. Clarence Morrissey spent Tuesday in Maytown at the Bernard B. Friel home.

Mr. and Mrs. Donald McCoy and son Michael, Dixon, were callers

Monday at the Charles McCoy home.

Mrs. Louise Bushman, Amboy, is visiting Mr. and Mrs. Edmund Bushman.

Mrs. Patrick H. Dunphy was a caller Thursday at the Melvin Payne home.
Miss Rose O'Hare, who is employed in Dixon, spent the weekend with her parents, Mr. and Mrs. Henry O'Hare.
Miss Marjorie Apple was a caller Tuesday at the home of Anna J. McCoy.

Mrs. Leo Drew and son, Dennis, Dixon, spent Friday visiting relatives and friends here.

Mrs. Leo Bushman spent a few days last week in Walnut at the home of Mr. and Mrs. Glade Lower. Mrs. Lower, who has been ill, is much improved.

Rent Control Four Years After War Is Hit by Tighe Woods

Chicago, Sept. 23—(AP)—Tighe E. Woods, National Housing Expediter, said yesterday "it is a shame that rent control is still necessary four years after the war."

He told a joint meeting of the Chicago and Illinois Real Estate Boards that control will continue to be necessary "until you in private industry and we in government do something for the great bulk of American people who can afford to pay no more than \$40 to \$60 a month for shelter."

The average plant shoot will grow one inch every 11 1/2 days under normal conditions.

Milk 'Regulation' Law Unreasonable, Is Declared 'Out'

Springfield, Ill., Sept. 23—(AP)—A Lake county circuit court decision invalidating part of a Waukegan city ordinance regulating milk sales was upheld today by the Illinois Supreme court.

The voided section of the ordinance prohibited sale within the city limits of milk produced and pasteurized outside Lake county. The Supreme court said the provision "operates not to regulate but to prohibit completely the sale of milk from outside Lake county."

In adopting it, the opinion added, the city overreached its police powers.

The ordinance was challenged as "unreasonable" by the Dean Milk company following cancellation of its sale license in February, 1948.

The city's appeal contended the disputed provision represented an attempt to "protect the health and general welfare" by insuring that only properly inspected milk was consumed by Waukegan citizens.

St. Peter's Remains Found, Priest Says

Southampton, England, Sept. 23—(AP)—The Roman Catholic archbishop of New Orleans said today the remains of St. Peter have "definitely" been found in a tomb in the St. Peter's basilica in Rome.

The most Rev. Joseph F. Rummell spoke to reporters just before he boarded the Queen Mary for New York after a pilgrimage to the Vatican.

Pope Pius has long entertained the theory that St. Peter's remains were buried in a crypt in St. Peter's church.

In preparation for Holy Year, 1950, he is reported to have ordered an effort to prove the theory.

A THOUGHT FOR TODAY

Good thoughts are blessed guests, and should be lightly welcomed, well fed, and much sought after. Like rose leaves, they give out a sweet smell if laid up in the jar of memory.—Spurgeon.

Facts Show A. and P. Is Not Monopoly

The government's civil anti-trust suit against the Great Atlantic and Pacific Tea Co. seems to us to be a signal for a full-scale review by congress of the nation's entire policy on monopoly power.

There is serious doubt whether the objectives the government seeks in this case are in the public interest. Indeed, the Justice Department's confusing interpretations of the anti-trust laws are making it increasingly difficult to determine exactly where the public interest lies in any monopoly suit the government may bring.

In the A. and P. case, the department asks that the 6,000-store food chain be split into seven separately-owned retail divisions on a geographic basis, that its produce wholesaling and sales unit be dissolved and that its manufacturing activities be divorced from buying and selling operations.

These ends are sought, says the government, because the A. and P. has violated the Sherman Anti-Trust Act by restraining competition in food making and selling, and by monopolizing a "substantial part of trade and commerce."

The government argued in the criminal suit that A. and P. restrained trade by:

Forcing suppliers to grant secret rebates and preferential prices that amounted to discrimination against other buyers.

Selling food below cost in some areas to undercut competitors, while charging higher prices to make up the loss elsewhere.

"Subsidizing" its retail operations through profits made on its manufacturing and wholesaling activities, thus gaining an unfair edge over other retailers.

Since the criminal case was decided, two highly reputable independent sources have contended that the government's argument is full of holes. The Yale Law Journal referred to it as a "parade of mistakes." Prof. M. A. Adelman, economist at Massachusetts Institute of Technology, ripped into the government's stand in an article for the Quarterly Journal of Economics, published by Harvard University.

As these sources pointed out, the A. and P. does not constitute a monopoly in any ordinary sense of the word. In 1947 it had 6.4 per cent of total U. S. sales in 600,000 retail food stores. Its share has been declining since 1933—not rising. Nor has the chain held more than 19.8 per cent of the business in any particular area where it has operated.

The great weight of the evidence indicates that the A. and P. has used its admittedly great mass buying power not to raise or fix prices, restrict output and choke off its rivals. It has used its economic leverage for exactly opposite purposes—the lowering of prices to consumers, the elimination of costly middlemen and wasteful distributive methods, the making of savings at the manufacturing end.

Inevitably, competitors' toes were stepped on. Brokers and wholesalers and similar middlemen were rudely shoved out of the way. But is it necessary to protect inefficient operators in order to "maintain competition" in the food business?

Professor Adelman said the great fallacy in the government's case is that it "confused the maintenance of competition with the protection of particular competitors." There is no advantage that one competitor can gain over another that does not hurt the second one.

But the hurt to particular competitors is nothing for the public to worry about so long as competition is fairly preserved and there is free entry for newcomers to the field. The facts suggest strongly that such competition is being preserved.

★ THE DOCTOR SAYS ★

Children's Lack of Control Often Due to Mental Quirks

By EDWIN P. JORDAN, M. D.

Involuntary urination, especially that which occurs during sleep, is a common and troublesome problem which often develops during childhood and sometimes lasts longer. This condition is called enuresis.

When enuresis persists after the infancy period, that is, later than one and a half years or two years of age, or when it comes back in later childhood after several years during which there has been no bed wetting, it frequently creates a lot of emotional distress not only in the youngster but in the parents as well.

It is usually well to cut out fluids as much as possible after 3 or 4 o'clock in the afternoon. Good results are obtained sometimes by awakening the youngster at definite periods during the night in order to urinate.

Doctor Answers

By EDWIN P. JORDAN, M.D.

QUESTION: Since I had a heart attack 11 months ago, I have suffered with pain in my hands and my right hip and knee. Is this the result of the heart attack or is it neuritis?

ANSWER: It is impossible to say. There are, however, a number of people who do suffer pains following a coronary thrombosis. This is more common in the shoulder and arm than anywhere else, however.

By WILLIAM E. McKENNEY
America's Card Authority

The reason most people enjoy the game of bridge is because it requires a great deal of concentration and therefore it takes your mind off all the worries of life.

You can learn how to bid fairly well in a short time, but you always have to concentrate, if you want to be a good player. You have to keep track of each card, learn to count your tricks, and remember the bidding. If you hear these different factors in mind, you will be surprised at the number of difficult hands you will be able to make.

In today's hand the declarer had a problem to count up to nine tricks. The opening lead of the three of hearts was won by North with the ace. He returned a heart, South won with the king, and returned another heart, which East, the declarer, won. The five of spades and the three of clubs had been discarded from dummy. Declarer played the four of spades. South played low and the king of spades won the trick. Then declarer proceeded to cash four diamond tricks. On the last two diamond tricks South was forced to discard a heart and a club. The jack of hearts was then cashed.

You will notice the declarer never attempted to take the club finesse. He knew that South, to justify his opening bid, originally had to have in high cards the ace-queen of spades, king of hearts and king of clubs.

By playing the cards out, he now knew that South could only have the ace-queen of spades and the king and one club left. The declarer led a spade. South won with the queen and cashed the ace of spades, but he had to lead from his king and one club, which gave the declarer two club tricks and his contract.

Harrisburg Miners Get Jobless Pay, Is Court Ruling

Springfield, Ill. (AP)—The right of 230 Harrisburg coal miners to jobless pay for idleness in April, May and June of 1946 was affirmed today by the Illinois Supreme Court.

The tribunal sustained a Saline county court decision which reversed a state labor department order denying the benefits. The department said the unemployment was due to a labor dispute and that the coal diggers, members of the Progressive Mine Workers union, were not entitled to awards.

The Supreme Court held that the work stoppage resulted not from a disagreement with the Wason Coal Company over wages but from a company decision to shut down until coal prices became more favorable.

The idleness was not the fault of the miners, the opinion said, and they have a rightful claim to unemployment compensation. The Wason mine was closed from April 2, 1946, to the following June 24.

It's OK John, But Can You Afford Them?

★ IN HOLLYWOOD ★ America's Best-Dressed Gal Gives Credit to Her Hubby

By ERSKINE JOHNSON
NEA Staff Correspondent

Hollywood — America's best-dressed woman, Dinah Shore, was wearing only a towel.

At least she said it was only a towel (probably designed by Adrian).

"I just stepped out of the shower, honey," she cooed over the telephone.

The Southern California Fashion Institute had just voted Dinah the country's No. 1 dresser.

But I've got news for you, gals. Dinah thinks husband George Montgomery should take all the bows. She told me:

"I dress to please my husband, not myself."

And that's one for the gals to think about.

Lex Barker and his wife have agreed on a six-month trial separation instead of a quick divorce, as announced last week. She'll do her thinking-it-over in New York.

If Ed Wynn clicks on his new TV show, watch for an announcement from M-G-M teaming Ed and son Keenan in a movie. . . . ABC has reconverted the big movie sound stage where Al Jolson starred in the first all-talkie, "The Jazz Singer," into a television stage.

I'm wondering if it's symbolic of what may happen to a lot of other movie stages in Hollywood. The new ABC station here is the first step toward making Hollywood the television center of the country.

Ava Gardner inherited the wardrobe designed for Ann Sheridan when the latter walked out of "Carriage Entrance" and Ava walked in. But every gown had to be taken in to fit Ava's slim figure. Ava and Bob Mitchum are the love team in this one and it sounds like box-office dynamite. Howard Duff, meanwhile, has checked into Malibu's Holiday House hotel for a rest from his hectic film and radio assignments. And from Ava, too?

CHOP CHOP

Gordon Macrae tells me there's a Chinese canteen on the way to the beach with a sign outside reading: "Food Man Chew."

Al Hogenz thinks Lou Costello would be the perfect casting for the film version of "Harvey." Then marquee could read:

Jack Benny is still taking bows for the opening show of his 18th radio season on which he didn't appear until 22 minutes into the script. "It's funnier," he admitted, "to have the cast talking about me than to me."

Bob was carrying an atomizer in a brown velvet case—"for my allergies"—and was sucking on a pipe which obviously seldom had light tobacco—"sometimes I light it only once a month. I just like to hold it."

Beat fun Jack had this summer was flying to London for a surprise visit with George Burns and Gracie Allen. The elaborate gag cost him \$3000. Now he's dreaming up fun for the Ronald Col-

mans and Fred Allen. He'll have them guest together on his air-show.

Jack also spent a week at Big Bear Lake, watching his 16-year-old daughter, Joanie water ski. Even tried it himself but fell flat on his face. Joanie excels at all kinds of athletics, according to Jack, who added:

"I'm not saying that because she's our child because she isn't." She's adopted.

TRYING THE AIRWAYS

Donald O'Connor and Gloria De Haven just auditioned a new air-show. . . . Bob Stack will play a "lovable heavy" in "Mr. Music" with Bing Crosby. . . . UI wants to borrow Mona Freeman from Paramount for "Shoplifter." . . . Glenn Ford nixed a long-term M-G-M contract because he wants to free lance and pick the best roles. Smart boy.

Best celluloid illusion of the year: Gary Cooper as an Annapolis cadet in the early scenes of "Task Force."

Endurance Record: The Hoosier Hot Shots are working in their 21st movie, "Square Dance Kate."

Broadway is paying Janet Blair for a new musical, "Thank You, Just Looking." Janet has had nothing except success since she left Hollywood. . . . Lena Horne will give a painting exhibit at the City Galleries in her native Brooklyn next month.

Dan Duryea is passing out cigars but not for the usual reason. Here's the story:

The Duryeas have a jewel of a maid named Marie and when she married Tommy Dulin, houseboy for Ozzie and Harriet Nelson, they were afraid Tommy would lose her. Marie wanted to remain with the Duryeas but only if Tommy would work for them, too. The Nelsons didn't want to lose Tommy, so they agreed to hire Marie as well. The situation finally resolved into a flip of a coin to see which household would get the newly married couple. The Duryeas won.

Bergman's Lawyer In U. S. On Personal Matters for Actress

Hollywood, Sept. 23—(AP)—Ingrid Bergman's Rome lawyer is in town today apparently for divorce talks with the actress' husband, Dr. Peter Lindstrom.

Monroe E. McDonald, an American citizen who practices law in Rome, Italy, said this about his visit:

"I am here to handle a number of personal matters for Miss Bergman. You can draw your own conclusions." Lindstrom, neuro-surgeon at General hospital, was unavailable for comment. McDonald reportedly also represents Robert Rossellini, Italian director who is linked romantically with the 34-year-old Swedish actress. The two have just finished making a picture on the island of Stromboli.

JOHNSON

Q—Is there a planet, or some other astronomical object, called Miranda?

A—This name has been assigned to a new satellite of the planet Uranus which was discovered in February, 1948. The four satellites that had been known previously are named Ariel, Umbriel, Titania and Oberon.

Q—Was York, Pa., once the capital of the United States?

A—York was the capital of the United States in 1777-78, during which time the Continental Congress adopted the Articles of Confederation.

Q—How soon after feeding should a dog be given his daily exercise?

A—If possible exercise before feeding. Otherwise wait at least 30 minutes after the dog has eaten before taking him out.

Q—Who holds the highest batting average in the major leagues?

A—The highest batting average ever posted in the major leagues was the .438 that Hugh Duffy of Boston attained in 1894.

• SO THEY SAY

We hope to get out before Thanksgiving Day, but we have a program to consider.

—Senate Majority Leader Scott W. Lucas, Illinois.

Our nation will not long be a world leader if it permits soil resources to deteriorate too far.

—Secretary of Agriculture Charles Brannan.

We will not hesitate to do what is necessary to help the free nations preserve their independence and integrity.

—Ambassador-at-Large Philip C. Jessup.

It is insinuated the documents were deliberately omitted in order to falsify the record. These insinuations are not supported by any evidence. They could not be supported because there is not a iota of truth in them.

—Secretary of State Dean Acheson, on the China White Paper.

Americans are not snipping themselves on the back and believing they are big-hearted when they talk of financial aid to the British. They simply realize that it is a matter of intelligent self-interest on our part for us all to stand together.

—Roy W. Howard, of Scripps-Howard newspapers.

Social Situations

SITUATION: You are invited to a party friends are having to celebrate their wedding anniversary.

WRONG WAY: Since you don't know whether or not the other guests are taking gifts, don't take anything yourself.

RIGHT WAY: Take a gift, if you think there is any chance the other guests will do so, or if you would really like to.

By Westbrook Pegler

Pegler compares Mr. Truman's tax exempt money with the withholding tax on the Common Man.

(COPYRIGHT, 1949, KING FEATURES SYNDICATE, INC.)

New York, Sept. 23—The special tax dodge on a pay raise of \$50,000 arranged for President Truman in the false guise of an expense allowance stands in spectacular contrast to the withholding tax. President Truman's dodge was rushed through before inauguration day because if the trick had been delayed until the beginning of his current term, the exempt raise could not have been collected during this term, which may be his last. The \$50,000 is supposed to be an expense allowance. It is nothing of the kind. It is an increase in pay. He also received in the same rush a taxable raise of \$25,000 from \$75,000 to \$100,000. There is elaborate provision otherwise for his expenses, which are not high because he is a frugal man. He may even knock down on the regular allowance of \$40,000, because he doesn't have to prove that he spent it for legitimate expenses of his office. He is supposed to "account" for it.

The official attitude of the government toward normally respectable citizens is cold-eyed suspicion and doubt. Mr. Truman is taken at his word. They are required to furnish either absolute proof and vouchers to establish their expense accounts, or submit to skeptical spot-checking at random. The duties of his office are exacting, but President Truman Works no harder than thousands of other citizens who have to prove their expense statements. His reputation in private life and his association with low characters in the politics of Kansas City would have caused the Treasury agents to doubt his word and check him very carefully if he were not President of the United States.

Nevertheless, he is given the benefit of all doubts and it where unthinkable that a field agent of the Income Tax should insist on spreading out the expense accounts and going over the memoranda and receipts.

Neat Contrast
The withholding tax applies to most employed persons, and many workers in the lowest income brackets are compelled to surrender money to the treasury which they admittedly do not owe. A worker does not owe the government any tax until he has received \$600 in the tax year. The deduction begins with his first pay envelope and the earner pays a tax on an income which has not yet reached the minimum taxable figure of \$600. There are many cases of workers who were docked the withholding tax without lawful liability because they never reached \$600 in the tax year. Not all of them have received refunds and it is obvious that a person in this bracket has far greater need of his refund than President Truman has of his special rakeoff under the tax-exemption.

One such claimant wrote to Miss Vivian Kellems, of Mysic, Conn., who operates a factory employing 50 persons and, in defense of a principle, refused to withhold taxes to which the government admittedly has no title. Miss Kellems holds that every employer who deducts withholding tax on the first \$500 of a worker's wages is an accessory to the crime of stealing. She refused to steal. Her objections to the role imposed on the employer by the withholding law go further. But as to the first \$599, she insists that it is theft to deprive the earner of money which he admittedly does not owe. The worker who wrote Miss Kellems in this particular said he was "an old man of 62 who has had two operations in the last two years."

Red Tap Letters
"I am a Class A electrician," he wrote, "but am able to work only periodically. I had one operation at the University of Illinois and worked 6 or 8 weeks at Chicago for Central Watch Service, then came to Minneapolis and worked about 2 or 3 weeks. Turned in a 1040 report in St. Paul Jan. 15 and to date got no returns, only red tap letters, as all I made for 1948 was about \$250. They said I would have to send in a withholding statement which I never got. There is no good of having \$600 exemption if these dirty thieves steal my money. Please do something about this and turn this letter over to Mr. Pegler."

He enclosed a mimeographed letter from the office of Internal Revenue in St. Paul, signed in typewriter by E. F. Kelm, collector, and in stencil by Arthur Granum, chief of the income tax division, telling him that this office had been unable to verify his claim that his employers had withheld \$31.90. It is a shabby letter typical of bureaucratic boredom and contempt for the common man.

The credit claimed in the total sum of \$31.90 must be substantiated in full; otherwise your return will be adjusted accordingly. So, the common man, gypped of \$31.90 which he needs in illness and old age, must "verify his claim" to the satisfaction of the agents of the thieving authority. And this happened in the same year in which President Truman demanded a four-billion-dollar increase in taxes, helped himself to a salary increase of \$75,000, just double his previous salary, and got his congress to take the income tax off \$50,000 of it.

Good Tax Home Pay
There is absolutely no doubt that the \$50,000 boost was an increase in salary. It was the admitted intention of the sponsors of the fraud to provide the president take-home pay of \$93,000 a year. The reason why they hit on this dodge was that neither Truman nor any of them had the belly for the blast of scorn that would have hit them all if they had quadrupled his salary to \$300,000, the only straightforward way to boost the take-home to \$93,000.

Since then, Truman has harped on "selfish interest," who seem to be any opponent or critic, meanwhile receiving regular paychecks augmented by a barefaced swipe.

This is not to waive other evils of the withholding law and the income tax. This is merely an effort to emphasize the tawdry contrast between the selfishness of a Get-Rich-Quick president who got his own congress to jam through his graft in the nick of time while he was preparing to demand a four-billion-dollar increase in the taxes of other citizens. The same law that provided the \$50,000 graft also provided \$1,375,140 for various legitimate expenses of the president's household and office, including "travel and official entertainment" to be "accounted for solely on his certificate."

That phrase means that when he signs his name to any expense statement, however poetic, that's the end of the business. That is his "certificate." The situation would present a temptation to any man whose moral code could permit him to engineer a \$50,000, tax-exempt raise in pay while he was calling on the Forgotten Man for greater sacrifices and scolding unidentified persons for selfishness.

Every state except Maryland now permits dissemination of birth control information, with certain restrictions.

★ RUTH MILLETT ★

Remember Hubby's Rights And Keep His Affection

There is no better way to make sure your husband likes, as well as loves you, than by remembering his "rights" as well as your own.

He has a right to some privacy. That means you shouldn't make a habit of asking, "Who was that on the telephone?" "Why are you half an hour late?" "What were you and so-and-so talking about?"

He has a right to some relaxation at home. That means you haven't the right to think up an odd job for him to do every time he settles down in his favorite chair or to cook up so much social life that any night you don't go out, you have people in.

He has a right to his ideas of how children should be brought up. That means you haven't the right to veto any suggestion he makes just because you think you understand the children better than he does.

He has a right to be the head of the house. That means you haven't the right to interfere when he is disciplining the children, or to make him look foolish in front of your friends, or to give outsiders the impression that he is just another hen-pecked husband.

RIGHT TO CRITICIZE

He has a right to be critical occasionally. That means you can't expect him to approve of everything you do.

He has a right to his own friends, whether they particularly appeal to you or not. That means you haven't the right to do all the deciding about which people you will see and which ones you won't bother with.

He has a right to do as he pleases in his own house. That means you haven't the right to nag him if he likes to put his feet on the davenport, spread the Sunday paper on the living-room floor, etc.

He has a right to be the head of the house. That means you haven't the right to interfere when he is disciplining the children, or to make him look foolish in front of your friends, or to give outsiders the impression that he is just another hen-pecked husband.

SOCIETY NEWS

Catholic Club Begins Season

Members of the Catholic Women's club met for their first meeting at St. Mary's hall, September 20th. A scramble supper was served after which a social and business meeting was held.

Short talks were given by Sister Celestine who travelled west for her summer holiday and Sister Clyda who journeyed north and east. Father Walsh spoke a few words and then introduced Father Walter Roberts who spoke briefly on "Catholic Education for Our High School Students."

Mrs. James Harkins, the new president, presided at the business meeting. In the future, meetings are to be held the fourth Tuesday of each month. Plans for the future months were discussed. At the next meeting there will be a food shower for the Sisters.

AAUW TO MEET

The Loveland Community building will be the meeting place for the Dixon AAUW Monday, September 26th, at 6:30 p. m. for a scramble supper. The usual picnic rules, a dish to pass, own sandwiches and table service will be observed with the following hostess committee in charge: Mrs. Alice Bort, chairman; Mrs. Robert Hoffman, Mrs. Arnold Swan, Miss Myrtle Swartz, Miss Agatha Tosney, Mrs. Harry Warner, Miss Harriet Wiltberger, and Mrs. R. Withrow.

The program will be presented by Miss Cornelia Conibear, program chairman, who has arranged for a guest speaker, L. Lucile Barnes, AAUW delegate from Sterling who will report on the National convention at Seattle and show films.

Distribution of Social Capers calendars, cards and stationery will be made by Miss Geraldine Lewis.

RED CROSS AIDES

The first meeting of the Red Cross Nurses' Aides will be held Monday, September 26th, at 8 o'clock with Mrs. Joe Villiger, 710 Palmyra avenue. Those unable to attend, please phone Mrs. Villiger, X1272.

ACCEPTS POSITION

Miss Gloria Allwood, daughter of Mr. and Mrs. Stuart Allwood, of 107 East Fifth street, Dixon, has accepted a position in Beloit, Wis. with the Chester Department store. Miss Allwood began her job as assistant interior decorator on Monday.

NORTH CENTRAL PTA

The North Central PTA will meet Tuesday evening, September 27th, at 3:30 in the gym. This will be a reception for the teachers and all parents and friends are urged to attend.

club members and their activities this past season.

The ladies will again have their day on Wednesday next year. This is a correction to the announcement made that the day would be Tuesday.

PRESBYTERIAL SOCIETY

The 25th annual meeting of district No. 3 of the Rock River Presbyterian society will be held at the Dixon Presbyterian church on Wednesday, September 28th, beginning with registration at 9 o'clock.

Guest speaker for the meeting will be Edith Gibbs, dean of Barber Scotia college, Concord, North Carolina. It is especially fitting that Miss Gibbs be the speaker, since the project for National missions this year is for Barber Scotia college.

Women of the Dixon church who plan to attend the noon luncheon are asked to send in their reservations to Mrs. Ray A. Miller, 718 First street, Dixon, by Monday, September 26th.

Loveland PTA Tea Hostesses

Members of the Loveland PTA held a tea Monday afternoon at the school honoring the teachers. PTA president, Mrs. Murray Newcomer, introduced the new principal, Miss Edith Scholl, to the mothers and Miss Scholl in turn introduced the Loveland teachers and the special teachers.

Refreshments were served to about 60 people by the committee consisting of Mrs. Harold Rorer, Mrs. Gail Ogan, Mrs. Joseph Villiger, Mrs. Alvah Drew, Mrs. Harold Huyett and Mrs. Murray Newcomer.

SOUTH CENTRAL PTA

The South Central PTA will meet Wednesday, September 28th, at 3:30 p. m. in the school auditorium.

Wa-Tan-Ye Club Hears of Travel

Thirty-one members and one guest of the Wa-Tan-Ye club attended the dinner Wednesday evening at the Loveland Community House. Fall was the theme of the decorations.

Ethel Buchner, vice president, conducted the business meeting in the absence of the president, Dorothy Otis. At this time plans were completed for the club's participation in the coming Injun Summer celebration. A booth and a float will be sponsored by the members.

Following the meeting an interesting talk was given by Mrs. Ariene Samson who spent three months last year traveling in England, Scotland, Belgium and France.

Daniel Defoe wrote "Robinson Crusoe" at Tooting Hall, Tooting, England.

Highland Club

Mrs. Albert Petit, Sr. was hostess to the members of the Highland Avenue club recently. Bunco was played with prizes going to Mrs. Al Berner, Mrs. Edward McBride and Mrs. Guy Taylor.

A lunch concluded the evening's entertainment. Mrs. J. E. Conroy will be the October hostess when the club meets again.

PRACTICAL CLUB

Mrs. Will Ware will entertain the Practical club at their first meeting of the year on Tuesday, September 27th, at the Loveland Community house in the ladies lounge for a 1:30 dessert luncheon.

PLUM HOLLOW'S LADY CHAMPS—In the above picture the champion lady golfers at Plum Hollow proudly hold their trophies. Claire Villiger, sports chairman, presented these championship trophies at the club's Round-up Day, Wednesday. From left to right: Alice Yeast, a flight runner-up; Dorothy Higgs, B class trophy winner; Elsie Shaulis, winner of A flight trophy; Dorothy Duffy, C class winner; Nita Whitmer, C class runner-up, and Gwenn Saari, B class runner-up.

Plum Hollow Ladies Golf Season Ends

Under the capable supervision of Claire Villiger, sports chairman, the ladies organization of Plum Hollow held their closing banquet at the club. Forty-four members found their particular place at the tables. At each place a gift had been arranged by Edna Hamill. After unfolding the fan shaped place arrangement a plastic apron appeared. All of the ladies made their own place cards and Edna Hamill, won first; Claire Villiger, second, and Hazel Legner, third, for designing the most original cards.

Following the dinner the sports chairman presented the gifts and championship trophies. The winners are as follows: Elsie Shaulis, A flight trophy and Alyce Yeast, runner-up; Dorothy Higgs, B class trophy and Gwenn Saari, runner-up; and Dorothy Duffy, C class and Nita Whitmer, runner-up. The A, B and C winner of the August tournament received small permanent trophies from Mr. and Mrs. Frank Daschbach and purses from the ladies afternoon organization. A gift was presented to Alice Finch, the only one who moved out of B class to A class and prizes were awarded to those winning their first matches in July and August and to the girls having birdies during the year. Bernice Wadsworth was the only

one to have an eagle. Alice Finch and Jean Smith won the year's attendance prizes. Gifts were also presented to the chairman of each month and their co-chairman as follows: Edna Hamill and Grace Cramer, May; Esther Erzinger and Mim Tesson for June; Gwenn Saari and Alyce Yeast, July; Dorothy Duffy and Myrtle Swan, August and Vernie Scott and Gertrude Sworm, September. Gifts were also presented to Evelyn Shawger for acting as secretary and treasurer, and the nominating committee, Alice Finch, Jane Tuttle and Glea Roberts.

In golf and cards which were played during the afternoon, Carrie Barlow held high in cards and Bernice Wadsworth, low. In golf, Glea Roberts had low field; Elsie Shaulis, blind bogey; Dorothy Plasters, high combination on holes; Gwenn Saari, low combination and Dorothy Rhodes, low putts.

Chairman Saari

New officers for the year are: Gwenn Saari, sports chairman, succeeding Claire Villiger; Betty Feltes succeeding Evelyn Shawger and Elsie Shaulis succeeding Bernice Wadsworth for the handicapped chairman.

A short business meeting was held and at this time the ladies presented Claire Villiger, sports chairman, with a gift for her fine work during the season. The meeting was then turned over to the new chairman, Gwenn Saari, and it was announced that in October a box social will be held and in November the annual Sadie Hawkins party is planned. Frank Kennedy showed movies of the

Stock Market Jogs Along Narrow Route

New York, Sept. 23—(AP)—The stock market jugged along a narrow price route today in the slowest trading in the past two weeks.
Most price changes were in minor fractions. Gains and losses were thoroughly scrambled with losses possibly in a light majority. Losers included Bethlehem Steel, Chrysler, Sears Roebuck, American Telephone, International Electric, and Westinghouse Electric.
Higher were Youngstown Sheet, Goodyear, Caterpillar Tractor, Dow Chemical, Du Pont, Pennsylvania and Union Pacific.
Railway issues headed upward in the bond market.

Strike Clouds Lightened for Week at Least

(Continued from Page 1)

board's recommendations and insisted that steel companies do likewise as a condition of further bargaining.
U. S. Steel balked, particularly objecting to pensions and insurance financed wholly by the company.
Cyrus Ching, head of the U. S. mediation board, called both sides to Washington to talk things over. A strike still loomed for this week-end until the president sought another truce.

Truman told a press conference yesterday the outlook appeared very hopeful for a settlement.
Meanwhile the Steelworkers reported that Standard Steel Works of Lewistown, Pa., had accepted the steel fact-finding board's peace formula in full.

The Steelworkers also have a conference scheduled for today with Northwestern Steel and Wire at Waukegan, Ill. Talks with Rustless Steel, a subsidiary of American Rolling Mills, began yesterday.
On the negotiation itinerary are U. S. Steel in Pittsburgh, Bethlehem Steel in New York, Republic Steel in Cleveland, Youngstown Sheet & Tube in Youngstown, O., Inland Steel in Chicago, Great Lakes Steel in Detroit, Jones & Laughlin in Pittsburgh and Continental Steel in Indianapolis.

Obituaries

S. HARRISON GANN
S. Harrison Gann, a resident of this vicinity since 1912, passed away at the KSB hospital Wednesday afternoon at 3 o'clock. He was born at Newport, Tenn., March 12, 1870 and is survived by four daughters: Mrs. Nellie Stone of Ludlow, Mo., Mrs. Mary Piper of Morrison, Mrs. Viola Hayenga of Rockford, Mrs. Ethel Dock of Belvidere, and six sons: Luther of Morrison, Charles of Sharon, Ill., Robert of Gap Grove, Walter and Clarence of Oregon and Elmer of Rockford.
Funeral services will be conducted from the Melvin funeral home Saturday afternoon at 1:30. Rev. H. C. Trimble, pastor of the First Christian church officiating and burial will be in Silver Creek cemetery near Mt. Morris.

WEST FRANKFORT LADY LOSES 20 Lbs. THANKS TO RENNEL

Mrs. R. Wall says she can't praise Rennel enough:
"I want to thank you for Rennel; I can't praise it enough for what it has done for me. I formerly weighed 150 lbs. but after taking the first bottle there was such a great difference. I now weigh 130 pounds and you can bet that I will always be a user of Rennel."
Rennel is the original grapefruit juice recipe for taking off ugly fat. It's simple. Just go to your drugstore and ask for four ounces of liquid Rennel. Pour the contents into a pint bottle — add enough unsweetened grapefruit juice to fill the bottle, then take just two tablespoons twice a day. That's all there is to it. If the very first bottle doesn't show you the simple easy way to lose bulky fat and help regain slender more graceful curves — if reducible pounds there as such a great difference. I disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles; just return the empty bottle to the manufacturer for your money back. You need never know a hungry moment while taking Rennel, no starvation diet, no printed diet list to buy, no expensive vitamins to fortify you against weakness while going hungry, for you WON'T be hungry.

TWO MODERN RESIDENCES FOR SALE
OWNED BY ESTATE
The undersigned will accept sealed bids for the following described properties up to 12 o'clock noon on
SAT., OCTOBER 1, 1949
1—Modern 5-room house, located at 327 South Jefferson avenue, Amboy, Ill., known as the Elizabeth Fillis residence.

Nathan Leopold, Slayer of Bobby Franks, Has Term Cut

Springfield, Ill., Sept. 23—(AP)—Nathan Leopold, Chicago thrill slayer of young Bobby Franks in 1924, now has a chance for parole in 1953.
Gov. Adlai E. Stevenson has cut the 44-year-old murderer's prison sentence from 99 to 85 years.
This makes Leopold, scion of a wealthy Chicago family, eligible to apply for parole in January, 1953, instead of in September, 1957—a difference of four and two thirds years.
Commutation was unanimously recommended by the state pardon board. It is Leopold's reward for good conduct in prison and for voluntarily risking his life in wartime prison experiments seeking a cure for malaria. Some other so-called "guinea pig" prisoners have got similar rewards.
Leopold had asked that his sentence be cut to 75 years. That would have made him immediately eligible for parole, after 25 years behind bars.
He and Richard (Dickie) Loeb were convicted of murder Sept. 10, 1924 in the kidnap killing of Bobby Franks, 14-year-old son of a millionaire neighbor.
Loeb was slain in prison in 1936. He was knifed by another prisoner—later acquitted of a murder charge—who said Loeb made an indecent proposal to him.
The sensational killing of the Franks boy shocked the nation. The lad's nude body, the head crushed by a steel bar, was found in a culvert after his family got demands for \$10,000 ransom.
Planned 'Perfect Crime'
Leopold and Loeb, both then 19-year-old students at the University of Chicago, later confessed. They said they had planned a "perfect crime."
The trial judge called it "atrocious," and urged that they never be paroled.
Finding of Leopold's glasses near the body led to their arrest. They told police they wanted to experience the "thrill" of killing, and wanted money—although their families were wealthy.
At their murder trial they were defended by the late Clarence Darrow in 1927 and freedom in 1937.
The governor, terming his decision "most difficult," said yesterday that the pardon board urged commutation, but did not say how much.
The governor decided to lop off 14 years, but said his action has no bearing on whether any parole application would be granted.
Under the 85 year sentence, Leopold could be freed June 11, 1968, if not paroled earlier. If paroled, he would be under supervision for five years.
Einstein Aids Leopold
In prison, Leopold studied higher mathematics and said he had help row, famous criminal lawyer. They pleaded guilty during a 32-day trial. But prosecutors failed to send them to the gallows.
Sentenced To 99 Years
Both defendants were sentenced to concurrent life and 99 year terms which left them eligible for term from Scientist Albert Einstein.
College professors who urged the pardon board to commute Leopold's sentence said he told them:
"The only thing that makes sense is that I should dedicate my life to continued repayment of the debt that I owe society."
One professor said Leopold's "phenomenal brain could be put

Illinois Barred From U. S. Road Funds 'til 1951

Springfield, Ill., Sept. 23—(AP)—The Illinois chief highway engineer said today that \$20,000,000 in federal funds recently authorized for road spending in the state can not be used until 1951 at the earliest.
Engineer C. M. Hathaway said the reason was the state's inability to match the sum with revenues of its own before that time. Matching by the state is a condition of receiving federal road grants.
Hathaway said the government allotment could be put to work starting next December if there was enough road money in the state treasury to duplicate it.
Illinois has until 1953 to put matching funds for the federal grant and also for a second \$20,000,000 made available as of December, 1948. After that, the federal appropriation will lapse.

Cabinet Gets Word Reds Know 'Secret'

(Continued from Page 1)
tained in the president's statement."
"The cabinet knows all about it," Johnson said. "It was fully informed."
"Do you have reason to believe this was the first atomic explosion in Russia?" Johnson was asked. He smiled, shook his head, and refused to answer.
At the capitol, Senator McMahon (D.-Conn.), chairman of the joint congressional committee on atomic energy, called a meeting of the committee behind closed doors.
In a senate speech only yesterday, McMahon said that if Russia had the atomic bomb she could send the bombs to American ports on tramp steamers and blow up 35,000,000 people.
There was no official hint as to how the United States obtained its evidence of the atomic explosion in Russia.
Use Delicate Instruments
But it is known that American scientists have been ready with delicate instruments for months to record an atomic explosion anywhere in the world.
The president's disclosure came at a time that British, Canadian and American experts are discussing problems of the interchange of atomic information and the supply of uranium available to them.

Harmon Home Bureau Meets On Wednesday

Harmon—The Harmon Home Bureau met at the home of Mrs. David Butler Wednesday afternoon.

Mrs. Melvin Johnson gave the major lesson on "Selection of Dinnerware." Mrs. John Hicks gave the health lesson.

HARMON BRIEFS

Albert Butler and daughter, Mrs. Clarence Zapf, of Subette, were Sunday callers at the David Butler home.

Mrs. Florence Long and Mrs. Roy Anderson were Sterling visitors Saturday.

Mr. and Mrs. A. C. Behrendt and two sons were Sunday guests of Mrs. Nell Sweet, Dixon. Mr. and Mrs. Woodrow Sweet and daughter, Linda Kay, of Amboy, were also guests of Mrs. Sweet.

The Friendship circle of the M. E. church enjoyed a wiener roast at the Lake school Sunday.

The Orville Hopkins family have moved into the W. H. Kugler home which they recently purchased.

Frank Smallwood has started to excavate for his new house in the north part of town.

Tommy Garland, Sterling, was a caller in Harmon Tuesday evening.

Mr. and Mrs. Ed. Schoaf and son, Francis, and Wayne Stonecipher returned home after spending a week in Alexander, Minn.

Lloyd Considine, Jr., who is attending St. Ambrose college, in

Davenport, Ia., spent the weekend with his parents, Mr. and Mrs. Lloyd Considine, Sr. He was accompanied to St. Ambrose by Glenn Gay and Joe Morrissey, of Amboy.

Mr. and Mrs. Billy Stonecipher, Sterling, visited relatives here Sunday.

Mrs. Jack Garland and infant son are spending a few days at the Ernest Smallwood home.

Mr. and Mrs. Robert McCoy and son, of Dixon, spent Wednesday with his parents, Mr. and Mrs. Edwin McCoy.

Mr. and Mrs. E. J. McCormick, Mr. and Mrs. Fred Powers and Mrs. Cecil Woolsey spent Saturday with Donna Powers and Bonnie Woolsey who are attending Northern Illinois State university at DeKalb.

Mrs. John M. Blackburn entertained at a shower Tuesday evening for Mrs. Grover Smith. Games were played with prizes going to Mrs. Wayne Stonecipher, Mrs. Edward Garland, Jr. and Mrs. Gilbert Essex.

Lloyd Considine, Mrs. D. D. Considine and Mrs. Gertrude McInerney were callers in Amboy Monday.

The Friendship circle of the M. E. church met with Mrs. Edward Heldt Tuesday evening. Mrs. Heldt and her assistant, Mrs. Alvin Rhodenbaugh, and Mrs. Jarnigan served refreshments.

Mrs. Alvin Behrendt and son, Dwight spent Thursday in Dixon with her sister, Mrs. Gerald Lester.

Farm Loan Increase Predicted by Martin

Decatur, Ill., Sept. 23—(AP)—A "definite increase" in farm loans was predicted yesterday by W. H. Martin, board chairman of the federal land bank of St. Louis.

Martin addressed the third annual meeting of the state federation of National Farm Loan associations.

He said "lower farm prices and high costs" would bring about the increase.

"The downward trend in the national economy points to the fact that the time is rapidly approaching when the demand for farm loans will increase," Martin said. One hundred and fifty representatives of 47 associations attended the one-day session.

What Are the Possibilities Of a World-Wide Government?

By DOUGLAS B. CORNELL
(For James Marlow)

Washington, Sept. 23—(AP)—Before long congress may take what some members consider the first hesitant step toward a world government.

Of course it will be a long time before nations band together in any sort of international United States. Maybe they never will.

But many congressmen, and many other people who want this world to be a peaceful one, think that eventually a single world government must be established, strong enough to settle any disputes that might cause war. Maybe, they say, the United Nations could be strengthened enough to do the job.

To get the ball rolling at least, more than 100 House members and 19 senators have introduced or support a resolution. And now the house foreign affairs committee is planning some hearings on this resolution.

"That," says Rep. Mike Mansfield (D-Mont.), a member of the committee, "will be a step in the direction of a world government." Should the senate and house adopt the one-sentence resolution, it would put congress on record as saying:

"It should be a fundamental objective of the foreign policy of the United States to support and strengthen the United Nations and to seek its development into a world federation open to all nations with defined and limited powers adequate to preserve peace and prevent aggression through the enactment, interpretation and enforcement of world law."

Its Meaning

What does that mean? What would it lead to?

Mansfield and Rep. Walter Judd (R-Minn.), another member of the foreign affairs committee, think it might result in an international conference to change the charter under which U. N. operates.

Russia and the countries that trail along with her might refuse to cooperate. But nations might join together in a sort of enlarged version of the North Atlantic Alliance that would be powerful enough to insist on peace among all countries—including Russia.

Judd and Mansfield agree that there must be an international police force and international court.

They agree no nation should have veto power over steps designed to stop aggression and to maintain or restore peace.

Ultimately something like a world government has got to come into existence, Judd says, because: "It's intolerable for us to go on indefinitely in two worlds. It's got to become one world."

It must be an organization, Judd says, which will recognize there are differences between nations and provide a way of handling and reconciling the differences.

"I don't believe Russia is going to give up Communism and become democratic any more than we are going to give up democracy and turn Communist," he says. "But I do believe we can live together on a reasonable basis."

A working agreement will be possible, he says, when a set of circumstances is developed that will make it advantageous for Russia to come in and "dangerous to stay out."

That will be brought about, he believes, when:

1. Enough nations get together

Shun Chicago and Alky, Judge Tells Decatur Youth

Chicago, Sept. 23—(AP)—A judge gave a young Decatur man a prison sentence yesterday, and an admonition to stay away from Chicago, stop drinking and mend his ways.

Criminal Court Judge Stanley H. Klarkowski sentenced Andrew E. Jett, 23, of Decatur to three concurrent terms of one to two and a half years each. Jett had pleaded guilty to taking part in three Chicago hotel robberies on July 11.

On hearing his sentence, Jett asked: "Judge, are you really sending me to prison with all those criminals?"

The judge answered: "I'll give you a word of advice, young man. You had better stay out of Chicago when you get out of the penitentiary."

"You'd better stop drinking. The police either are going to kill you unless you mend your ways or you're going to end up in the electric chair."

Jett was released from Pontiac

to guarantee that Russia and any other country can obtain justice without going to war.

2. These nations establish such a preponderance of force that Russia can't win if she does go to war.

BUMS DOWN CARDS; ONE-HALF GAME BEHIND

Are Redbirds Cracking in Pennant Race?

BY THE ASSOCIATED PRESS
The St. Louis Cardinals, down through the years, have gained a reputation as "a never say die" team.

Baseball fans are wondering today if the present crew of Cardinals will live up to the saying made famous by their illustrious predecessors.

The Cardinal spirit should be low. They suffered one of the most humiliating defeats of their long history last night—a trouncing at the hands of the second place Brooklyn Dodgers.

Coming on the heels of a 5-0 beating the previous night, the Cardinal pennant outlook, which was peaches and cream Wednesday afternoon, has curdled somewhat.

The Cards now are only a half game in front of the charged-up Dodgers and they have seven games left to play to the Dodgers' six.

While the Dodgers mopped up the Cards before 30,765 fans at Sportsman park, the American League pennant picture remained unchanged. The first place New York Yankees' scheduled night game with last place Washington was rained out. The second place Boston Red Sox, who trail the Yanks by two games, were idle as was the rest of the American league.

Brooklyn belted Red Munger and five St. Louis relief pitchers for 19 hits. The Dodgers scored in every inning except the second and seventh.

Carl Furillo led the massacre, driving home seven runs on three doubles and two singles. Gil Hodges knocked home five on three singles. Duke Snider contributed two doubles and two singles to the attack that saw all but Pee Wee Reese and Spider Jorgensen collect at least one safety.

Lefty Joe Hatten, who had failed to finish against the Cards in six previous starts, glided to his 12th victory. Hatten allowed two hits over the first five rounds and then eased up and granted eight in the last four. Two of the Card hits were homers by Stan Musial — his 34th — and Tommy Glavinio.

Jack Robinson of the Dodgers regained the circuit batting lead from the Cards' Enos Slaughter. Robinson batted out two hits in four trips to boost his mark from .342 to .343. Slaughter went hitless in five trips and dropped from .345 to .342.

Both contenders are idle today. They resume action Saturday night with the Dodgers entertaining Philadelphia and the Cards playing host to Chicago.

In other National league games the Pirates blanked the Boston Braves, 1-0, behind Murry Dickson; Chicago edged Philadelphia, 3-2; and the New York Giants divided with the Reds in Cincinnati, winning the first game, 3-1, and dropping the second, 8-4.

Lynn Chandnois
SHOWS WAY—Coach Biggie Munn of Michigan State calls Lynn Chandnois the best right halfback in college ranks.

N.U.-Purdue Open Big Ten Grid Wars

Hollywood Stars Win Coast Flag

Hollywood, Sept. 23—(AP)—The Hollywood Stars clinched their first Pacific Coast league pennant since 1930 with a 7 to 4 victory last night over Seattle. It maintained the Stars' five-game margin over Oakland with only four games left to play.

The Stars set the league pace virtually from opening day.

The team, perennial second division finishers in recent years, thus rose to the top in Fred

FACE SECOND 1949 TEST TONIGHT—This Mt. Morris high school line held the East Rockford duty tonight when Coach J. R. Worley's Mounders move to Rockton. These varsity men are clad in new jerseys which they will wear for first time tonight. Left to right: Gene Sweeney, Ron Ballard, Tom Small, Pete Smith, Gene Coffman, Mike Miller and Gene McGee.

NOTES FROM THE PREP FOOTBALL FRONT—Coach Sam Owens is not pleased with the attitude the Dukes are exhibiting for tonight's clash with Amboy. . . The Dukes got a warning that the Irish shouldn't be taken lightly after the varsity clowned about in the dress rehearsal workout. . . Dick Grams, now playing tackle for Amboy, was a member of the Dixon frosh-soph team last year. . . He weighs in at 185.

BLACKHAWK CONFERENCE followers will get a basis for comparison tonight when Mt. Morris meets Hononogah of Rockton. . . Rockton defeated the Oregon Hawks last Friday in a surprise upset, 12-7. . . Mt. Morris, off and running with its first opening day victory in at least three years, may be the surprise team of the conference. . . The Mounders have Gary Samsel, to rely upon for its offensive work. . . Samsel is 165 pounds and an all-around athlete.

ANOTHER BASIS FOR COMPARISON comes when Coach Bob Breckenridge's Polo club tangles with the East Rockford Jayvees in its home opener tonight. . . The Marcos believe they have someone to fill the shoes (partially so, at least) of its great Johnny Clayton. . . He's Ronnie Witmer who carried the ball five times for a 22.2 average against Stockton last week. . . Polo gained 237 yards from scrimmage which makes Witmer darned near half of the offense.

BILL FISCHER, district conservation supervisor, had good news for fishermen today. He said that a number of streams in Lee county were to be stocked with black bass. Green river, Franklin creek, and at least one other stream was on the list. The bass were scheduled to be of legal, or near legal, size.

JAMES HENDRYX, 16, Rock Falls, a substitute tackle on the Rock Falls high school varsity, died last night of polio. He was stricken Tuesday. He got in the game against Alton high of Rock Island last Friday night. He is the son of Mr. and Mrs. James Hendryx, who reside one mile south of Nelson.

NOW IT CAN BE PRETTY well established that the Dixon Legion basketball team is going to sport some real talent this year. Johnny Loftus, Dixon, the ex-Notre Dame, Bill Witzleb, and maybe Wayne Curran of Sterling, are being counted upon to bolster the local forces.

Eighteen prospects showed up last night at the Legion's first meeting. Johnny Mitchell, who'll manage, but not coach, the local five, says that workouts will begin next week.

FILL IN THOSE HOLDS with a few other stars now around town and one can visualize a first-class representation for Dixon in amateur basketball circles this winter.

When Good Amateur Meets Another, Expect Anything

ST. LOUIS, Sept. 23—(AP)—There isn't an amateur golfer in the country who can walk around the course with another good amateur and expect to win.

That's the opinion of Frank Stranahan of Toledo, who was one of the favorites to advance in the quarter-finals of the Western Amateur golf tournament today.

Stranahan beat Donald Shock, Jr., Dayton, Ohio, 3 and 2, and Alex Welsh, Rockford, Ill., 1 up, yesterday.

Defending Champion Robert (Skip) Riegel, Upper Darby, Pa., was eliminated in the second round, 1 up, by Thomas Sullivan, Miami (Fla.) university student from Chicago. Sullivan holed a 30-foot uphill putt on the 18th green of the Bellerive Country club course, a 6,505-yard layout.

"There's just not enough difference between the good amateur players to label any one man as an outstanding favorite," Stranahan said. "You can't figure a match 6 and 5 anymore. That kind of forecast likely winds up with the underdog winning 1 up."

Stranahan was paired today with John Jacobs, III, five-time Iowa State champion from Cedar Rapids.

Jacobs advanced over Richard Irwin, Omaha, Neb., 1 up, and Medalist John Wagner, of Wilmette, Ill., 3 and 2.

James Frisina, of Taylorville, Ill., was paired against either Richard Chapman, of Greenwich, Conn., or Jack Culp, Jr., of Chicago, in the quarter-finals. The Chapman-Culp match was called even up on the twentieth. A sudden death playoff was scheduled this morning.

THE MOUNDER BACKFIELD—This foursome aided in Mt. Morris' first opening victory in three years last Friday against the East Rockford Jayvees. Left to right: Marvin Miller, Darrel Tom, Gary Samsel (who scored the lone touchdown Friday), Gene Martin and Coach J. R. Worley.

Yanks, Whipped by White Sox, Should Improve on Red Ones

By HUGH FULLERTON, JR.
New York, Sept. 23—(AP)—Have you noticed how the Yanks so often play bad baseball when they're up against a bad ball club (Wednesday's game with the White Sox was a perfect example) then come through in the tough games? . . . If they continue that way, Casey Stengel's cripples shouldn't have much more trouble. Five of their remaining games are against the threatening Red Sox. . . The Cardinal's Nippy Jones has become a prominent of the Ted Williams-Bill Vebeck I-Don't-Wear-Ties club.

On the letterhead of the Democratic State Committee of Missouri comes the following note: "Some of the nicest fellows just seem to slide downhill. Take Al Hermann, now. He won eleven letters at Colgate U. and graduates as President of his class. Then he went with the Boston Braves. After that he slipped over into the minors. The International league, the Texas league, the Eastern league. . . Just one losing team after another. Last week poor Al hit bottom. He became executive director of the Republican National Committee."

The University of Texas, hereinafter designated as U.T., has just landed a flashy T-formation quarterback named T. Jones. To give him a name, the initial has been lengthened to "Tee." . . . Texas fans claim that the Tee suit's the U.T.'s T to a T.

Mort Kaer, Jr., son of the Southern California's first All-America football player (1926) is a freshman at S. C. and was All-America at Georgia.

Eureka Students Strike; Gridders Not Equipped

Eureka, Ill., Sept. 23—(AP)—Eureka college students left their studies yesterday in protest against the length of class hours and facilities for the football team. They held a mass meeting of attending classes, and planned another one for today.
Chief complaint was against a new class system which calls for one hour and 50 minute sessions. Previously the classes were one hour long. The students also protested that their football team does not have enough blankets and other facilities.
Dr. Burris Dickenson, college president, did not appear at the meeting. It was reported he would confer with the students today after holding a faculty meeting. The college has an enrollment of about 400.

Baby eels of some species cannot swim for several weeks after hatching. They can only drift with the ocean currents.

Make it possible for Dixon to have a lighted softball park. Contribute to the Dixon Rotary club's Lighted Field fund.

It takes about 9.77 quarts of milk to make one pound of butter.

In 1927 is an assistant football manager for the Bulldogs. . . Lou Little starts his 20th season as Columbia's grid coach tomorrow — and Columbia starts its 59th season of football. . . Over 3,500 teams already have made reservations for the 1950 American Bowling Congress tournament at Columbus, Ohio. . . So from now until April the guys can devote their time to thinking up alibis.

Jackie Says N. L. Race Is To Be 'Tough'

St. Louis, Sept. 23—(AP)—Jackie Robinson hit the nail on the head today when he said, "It's going to be really rough from here on in."

What the Brooklyn Dodger second baseman meant was that neither the Brooks nor the front-running St. Louis Cardinals could afford to lose any more as the games dwindled down a precious few.

The thinnest of margins—a half game—separated the two deadly rivals following the Brooks' surprising 19-6 triumph over the Cards last night. The Brooks have played one more game than the Cards and lost it. That could prove the difference.

"The half game lead they (Cards) hold might be a big break," Manager Burt Shotton of the Dodgers said. "They still have the advantage. We're not going to win them all, but neither are they."

"We can't worry about them, however," he added. "We've got to get out there and win as many as we can."

The Dodgers have six games left, only two of them at home. They play two with the Phils in Brooklyn and two in Philadelphia and meet the Braves twice in Boston. The Phils have held them even in 18 meetings thus far while the Braves also have divided 20 games with the Dodgers.

The Flatbush crew is idle today, but engage the Phillies in a night game tomorrow.

Eddie Dyer, the Red Birds' manager, was optimistic despite the one-sided feat.

"We're still in front," he said, "and they've got to catch us. Also remember we took the season's series from them."

The Cards are idle today, but resume action against the Chicago Cubs tomorrow night.

At Sportsman's park they have five games with the Cubs and two with Pittsburgh. The Pirates have held them even in 20 games thus far while the Cubs have been able to win only six times in 17 meetings with the Red Birds.

YESTERDAY'S STARS
BATTING CARL FURILLO, DODGERS—Scored seven runs on three doubles and two singles to feature Brooklyn's 19-6 victory over St. Louis.
PITCHING MURPHY DICKSON, PIRATES—Pitched the Pittsburgh Pirates to a 1-0 triumph over the Boston Braves, allowed seven singles.

Construction of the "Queen Elizabeth," world's largest liner, required the labor of a quarter-million people.

Additional Sports

So You Need Help in Those Football Picks; Experts Are Happy to Ease Your Worries

By HUGH FULLERTON, JR.
New York, Sept. 23—(AP)—In keeping with the general trend toward two-platoon football, this portion of the annual gridiron guessing game begins with a substitute in the lineup for the kickoff. Or, to mix metaphors, slightly, while Spike Claassen, the regular selector, is devoting his vacation to fishing, this writer will fish around for a few winners of weekend games.

Notre Dame over Indiana. Frank Leahy has traded his crying towel for a bucket because Notre Dame really has lost a few good performers. Still the Irish haven't been beaten in 28 games and there's no reason to believe their streak will end this week. For a safe beginning, Notre Dame.

Michigan over Michigan State. Here would be a good spot to predict an upset. Michigan, generally ranked one-two in pre-season selections, isn't any stronger than last year. The Spartans, just admitted to the Western Conference, would like nothing better than a victory over Michigan as a starter and there's a strong suspicion that Biggie Munn may have the material to do it. State didn't fall far short last year. Stringing along with the majority, Michigan.

Tulane over Alabama. Tulane's Green Wave is regarded as the best team in the South. Alabama still is building.

Villanova over Penn State. The Wildcats appear to have the all-around strength to win.

Stanford over Harvard. But this corner has the idea Art Valpey's Harvard team will make it closer than expected.

Boston College over Oklahoma (Friday). Advances from the Southwest (possibly prejudices) say the Sooners aren't as strong as the dopesters have made out.

Northwestern over Purdue. Northwestern has 34 veterans back from the team that won the Rose Bowl last winter. Purdue has a seasoned team, but not enough to stop the Wildcats.

Southern Methodist over Wake Forest. Doak Walker and S.M.U. are the Southwest conference favorites. It's SMU on the theory Walker is as good as he has been touted.

Army over Davidson. This one

By JERRY LINSKA
Chicago, Sept. 23—(AP)—Trying to get off on the right grid prognosticating foot:

Michigan 19, Michigan State 13—Michigan has a slicker backfield combination than meets the eye. So it should be 24 in a row for the Big Ten champion Wolverines. The sharpening Spartans, however, will make it quite a debate, wishing their Lynn Chandnois was more than one guy.

Northwestern 14, Purdue 7—Even with Harry Szulborski sound of limb, Purdue can't match the well-seasoned Rose Bowl champions. This Big Ten solo opener should be a stout straw in the title wind for Northwestern, which has early dates with Minnesota and Michigan.

Notre Dame 28, Indiana 6—That's being kind to the Hoosiers, who may start as many as five sophomores against the Irish. Notre Dame will make it 29 games without defeat and see how well Quarterback Bob Williams will fit into the Trpucka-Lujack-Bertelli groove.

Minnesota 21, Washington 0—No matter how gloomy Bernie Bierman may get, there is a lot of slow-fused dynamite in that Gopher cache. Minnesota may not slash its opponents into defeat, but it will bludgeon them out of victory.

Ohio State 20, Missouri 6—The Buckeyes, making no bones about their Big Ten title and Rose Bowl aspirations, should get off to a nimble start. Don Faurot is missing Bus Entsminger and Mel Sheehan at Mizzou this season.

U.C.L.A. 19, Iowa 7—The Uclans will be making their first Iowa City appearance by a Pacific Coast invader an unhappy occasion for the Hawkeyes. It's the seasonal debut for Iowa. U.C.L.A. already has knocked off Oregon State, 35-13.

Illinois 28, Iowa State 7—Unless those Illini sophomore backs are greatly overrated, Iowa State will

will make the selectors and the Cadets look good.

Southern California over Navy. Navy's tie with Army last fall was said to mark a revival in Navy's football fortunes. U.S.C. got much the same lift from its tie with Notre Dame. That leaves the Californians way ahead.

do a lot of chasing. The Cyclones have one game under their belt, a 64-0 romp over Dubuque.

Marquette 14, Wisconsin 13—The day's blue-plate special. It's one of those once-in-a-blue-moon chances for Marquette to meet the Badgers on near level terms. The Badgers are regarded one of the Big Ten's weakest entries. The Hilltoppers warmed up neatly with a 66-0 win over North Dakota State.

ROCK RIVER LEAGUE CHAMPIONS—The Lee Center girls softball team won the Rock River league championship this year, leading the field which consisted of teams from Forreston, Oregon, Rochelle, Polo and Dixon. This club also represented Lee county at the state Sports Festival. They were defeated in their second game. Front row—Norma Jean Wierman, Rita Bybee, Merle Aschenbrenner, Elaine Gehant (with trophy), Shirley Vernier, Marge Scheffeler and Barbara Degner. Back row—Jim Talar, "Dutch" Reynolds, Bill Garrison, Bonnie Woolsey, Delores Ostewig, Gwen Hillson and "Bus" Wierman.

Illini Open 60th Grid Year Saturday Meeting Iowa State

Champaign, Ill., Sept. 23—Illinois opens its sixtieth year of intercollegiate football and unveils the eighth team under direction of Coach Ray Eliot at 1:30 p. m. Saturday in Memorial stadium with Iowa State of the Big Seven conference providing opposition.

The Cyclones have never proved easy foes for Illinois, having gained a 12-12 tie and lost a 7-0 decision in two previous encounters. That the current squad, coached by Abe Stuber, will be a good test for Eliot's predominantly young eleven, is indicated in State's convincing 64-0 triumph over Dubuque last week.

That was the greatest point total any Cyclone eleven had rolled up since 1914 and the yardage total of 668, 251 by passing, was of record-breaking proportion.

Saturday's tilt might well develop into a passing duel centering on Bill Weeks of Iowa State and Bernie Krueger, Illini sharpshooter, who ranked third in the Big Ten in 1948 on pass completions and yards gained.

Illinois enters its season with a great deal of uncertainty about a squad reputedly stronger than that which won only three of nine games last year.

Three sophomores, a 1948 reserve, and seven lettermen will face State in the opening Illini offensive group. First-year men are Chuck Ulrich at left tackle, Chuck Studley at left guard, and John Karras at right halfback.

The reserve is Lynn Lynch, a converted center and tackle, now shifted to right guard. Al Tate will be at right tackle and another letterman, Bill Vohaska at center.

Three backs are veterans, Krueger at quarter, Sam Piazza at left, and Burt Schmidt at fullback. Backfield replacements have more than a slight sophomore tinge, with Dick Raklovits, Ronnie Clark, Don Stevens, Don Engels, Bob

ginner would be welcome.

Our interest is arrested by the two policemen on Cabin Still last night, Bill Killian high with 575 and Earl Kelchner low with 402.

The most inconsistent match of last night was Studebaker Sales vs. Hey Bros. The Ice Cream boys took the first set by 97 pins, with Studebakers taking the next one by 81 counters, and nosing Hey Bros., out by eight pins in the last set when Cy Winebrenner, Hey's anchor, came up with a split.

By the number of entries Ken has received for the mixed doubles Sunday night, the keggers must have been looking forward to it. Two shifts will be needed to roof it off, the squads starting at 6 and 8 p. m. There's still room for more entries if you want to try your luck.

Strikers, Non-Union Men Clash at Plant

Buffalo, N. Y., Sept. 23—(AP)—Unionists and non-strikers clashed at the strike-bound Bell Aircraft Corp., plant today. At least one person was hurt seriously.

It was the first outbreak of violence since the company and the CIO United Steelworkers union resumed negotiations Monday. The strike of the plant's 1,700 production workers began last June 13 and has been marked by several such incidents in recent weeks.

Undersheriff Arthur Muisner of Niagara county said the incident occurred when a bus load of non-strikers arrived at the main gate of the plant near Niagara Falls. Union spokesmen said several persons were trampled in the melee and one of their men was injured seriously and taken to a Niagara Falls hospital.

Iron Lung Girl Won't Wear That Ring; Death Wins

Peoria, Ill., Sept. 23—(AP)—Ellen Jane Bloomgren, who received her engagement ring while in an iron lung, will never wear a wedding ring. She died Wednesday night of polio.

Her fiancé, John Heck, 20, of Galesburg, brought her the engagement ring Aug. 18 on her 17th birthday. Her parents, Mr. and Mrs. Elmer Bloomgren, brought a birthday cake and candles to her hospital room for the occasion.

Ellen, who was from Tylerville (Warren county), would have been a junior in Galesburg high school. Her death was the ninth polio fatality among 114 out of town patients who have been treated this year in Peoria.

Funeral services will be held Saturday.

There are 109 certified airports in the state of Idaho.
